Two More States Pledge Delegates To Gov. Roosevelt

Arizona and Wyoming
Instruct Delegations To
Convention To Vote for
N. Y. Governor for Demo-
cratic Nomination.

WYOMING DEMANDS DRY REFERENDUM

Governor's Supporters
Now Claim 690 Votes on
First Ballot With Nomina-
tion Certain.

PHOENIX, Ariz., May 9.—(AP)—
Arizona's six votes in the democratic
national convention at Chicago will
be cast for Franklin D. Roosevelt
for president. The state convention
tonight instructed 12 delegates with
a half vote each to support the New
York governor.

Wirt G. Bowman, of Nogales, was
elected democratic national commit-
teeman for Arizona.

Mrs. Isabella Greenway, of Tucson,
was re-elected by acclamation as
democratic national committeewoman.

CASPER, Wyo., May 9.—(AP)—
Delegates to the Wyoming state
democratic convention voted unani-
mously tonight to pledge the six
Wyoming votes in the party's na-
tional platform committee to Frank-
lin D. Roosevelt, of New York.

J. C. O'Mahoney, Wyoming demo-
cratic national committeeman, who
was a leader in the movement four
years ago which swung the support
of the western states to Alfred E.
Smith for the democratic presidential
nomination, was elected to the na-
tional platform committee.

A prohibition plank recommending
that the 18th amendment be sub-
mitted to a national referendum was
placed in the platform also by unani-
mous vote.

BY ROBERT ST. JOHN.
NEW YORK, May 9.—(AP)—Frank-
lin D. Roosevelt's campaign managers,
still predicting his nomination on the
first ballot, claimed today he will go
into the democratic national conven-
tion with close to 700 delegate votes.
Twelve more delegates were picked
up Monday by Roosevelt in Wyoming
and Arizona to run his total pledged
votes to 325.

If the convention opens with Roose-
velt and Alfred E. Smith in control of
the votes their associates claim will
be theirs, and with the other candi-

**Akron Will Land
To Avoid Storms**

SAN ANGELO, Texas, May 9.—(AP)—
The naval dirigible Akron at 11:20
p. m. (C. S. T.) signaled to land at
the San Angelo airport and called for
a landing crew of 500 men.

The giant ship had encountered elec-
trical disturbances and storms between
San Antonio, Texas, and San Angelo
and more were in prospect west of
San Angelo.

The Akron, heading from Lakehurst,
N. J., to the west coast, first flew
over San Angelo at 10:30 p. m. (C. S. T.)
flying low and continuing west. A
short time later it doubled back.

RUSSELL BACKERS PREDICT SUCCESS OF 'DRAFT' MOVE

Efforts To Get Governor
To Renounce Senatorial
Ambitions Hold Atten-
tion of Politicians.

BY R. E. POWELL.

A concerted movement to get Gov-
ernor Richard B. Russell Jr. to re-
nounce his senatorial ambition and
become a candidate to succeed him-
self for two full years Monday held
the almost frenzied attention of Geor-
gia politicians.

Not a few of the governor's close
friends predicted that he would accede
to their wishes that he be a candidate
to remain at the helm of the state's
ship another term. This, they pointed
out, could be done without jeopardy
to his political future.

If the governor recants, it is con-
sidered highly probable that at least
one of the candidates who have paid
their entrance fee in the gubernator-
ial free-for-all will withdraw from
that race and that probably half a
dozen others who have announced and
"been turning it over" will come down.

Three Have Qualified

Three men have met the require-
ments for getting their names on the
state ticket as a candidate for gov-
ernor. They are, in the order of their
qualifications, H. E. Edwards, of Val-
dosta; Eugene Talmadge, commis-
sioner of agriculture, and John I.
Kelley, an assistant attorney-general.
Reports were current at the state
house Monday that a conference of
the governor's friends was held over
the week-end and the prevailing opi-
nion was that it was time to press
the "draft" movement hard.

Among those who called at the gov-
ernor's office were Guy D. Jackson,
president pro tem of the state senate;
Harvey Kennedy, one of the adminis-
tration leaders in the general as-
sembly; Representative J. T. Col-
son, of Brunswick, for whose political
judgment the governor entertains a
high regard; and former Senator R. F.
Burgin, of Marion, one of the coun-
ties in the state.

Representative Crisp's congressional
district. If Governor Russell re-
mains in the senate race, he will be
opposed by Crisp, whose candidacy
was "doubly assured" Monday when
two checks were received by Miss
Stella Akin to pay his entry fee of
\$250.

The congressman sent his own
check for \$250, accompanied by the
signed entry blank from Washington.
His son, Charles F. Crisp, cashier of
the Bank of Commerce, of America,
sent a check on that institution. Miss
Akin said the son's check would be
returned.

Talmadge Placed

Eugene Talmadge, who took the
spotlight in the governor's race the
moment he definitely announced him-
self as a candidate, remained as placid
as a water lily at twilight.

Albert Fall Quits Prison for Ranch

CARRIZOZO, N. M., May 9.—(AP)—
Albert B. Fall, once again a free
man, rested at his former Tres Rios
ranch headquarters tonight after a
business trip by automobile from New
Mexico headquarters at Santa Fe.

The elderly former secretary of the
interior was released today from the
prison where he served nine months
and 19 days as a federal convict for
acceptance of a \$100,000 bribe in
connection with the leasing of naval
oil reserves.

Dr. F. F. Fiske reported Fall to
be "an invalid."

Ed Swope, warden, said Fall's
health had improved in the prison
hospital to which he was committed
when he entered the walls July 20,
1931.

Main fell upon the motorcade es-
cort of Fall the latter stages of
the journey to the ranch. Fall
seemed to stand the trip well. His
wife rode with him in the ambulance.

Other motor cars carried on their
daughters, Mrs. C. C. Chase and Mrs.
Jouett Elliott, and newspaper repre-
sentatives. The family expects to re-
turn to their home in El Paso,
Texas, tomorrow.

Roosevelt To Be 2d Choice Of Large Illinois Delegation

BY WALTER T. BROWN.
WARM SPRINGS, Ga., May 9.—
(AP)—Thomas F. Donovan, democratic
chairman of Illinois, predicted here
today that the big Illinois delegation
will vote for the second choice of
the big Illinois delegation in the
national convention.

If, and when, the name of Sena-
tor Lewis is dropped from the roll
call, Mr. Roosevelt will on the next
vote receive more than half of the
58 votes.

Mr. Donovan is from Joliet, and
while he is closely allied with the
powerful Chicago faction, he is con-
sidered a "down state" man. Mayor
Anton J. Cermak, of Chicago, is Cook
county leader, and likely will control
the Cook county delegates. Cermak,
who is friendly with both Roosevelt
and former Governor Alfred E. Smith,
has not indicated whom he will sup-
port after Senator Lewis' name is
withdrawn.

Cermak's procedure in his pre-con-
vention campaign recalls the tactics
of the late Roger Sullivan, Illinois
leader, who in 1912 delivered Illinois
time and thus became known as the
"president maker." Some political
writers foresee Cermak doing the
same thing this year.

"Senator Lewis," Donovan said,
"will get Illinois' 58 votes for a bal-
lot or two. But the big Illinois de-
legation will vote for the second
choice. If Governor Roosevelt has
come to the convention with real
strength and holds it Illinois will
elect him half its votes. If he does
not, and likely all of them."

Lawrence S. Camp Accepts Post of Attorney-General

Senators Warned Revolt May Follow If Hungry Aren't Fed.

WASHINGTON, May 9.—(AP)—A
warning of possible revolt unless the
federal government moves to prevent
unemployment distress came from
organized labor today as a new drive
was launched for federal jobs relief.

The possibility of revolt was voiced
by Edward F. McGrady, spokesman
for the American Federation of Labor,
before the senate manufacturers' com-
mittee. Hearings were opened on the
Costigan bill to provide \$500,000,000
for advances to states and municipali-
ties through a bond issue.

Meanwhile the movement for federal
aid was apparently gaining ground in
the senate particularly among the
democrats. Sponsors of the movement
were talking more optimistically than
at any previous time this session.

There was some discussion of call-
ing a democratic conference to con-
sider the many proposals offered.

Senator Bankhead, democrat, Ala-
bama, introduced a bill calling for im-
mediate appropriation of \$100,000,000
for relief of the jobless to be
distributed by the president.

McGrady started the committee
with his frank warning.

"If something is not done and star-
vation is going to continue and per-
haps increase," he said, "the doors to
revolution are going to be thrown
wide open and leaders of the country
ought to know it."

"The administration ought to know
that more than balancing the budget is
needed. Bread and butter are needed.
We want to get it through work, but
if we can't do that, we are going to
get it any way."

One witness, C. C. Carstens, execu-
tive director of the Child Welfare
League of America, said he had been
opposed to federal relief but now fa-
vors it.

Briton Is Indicted In Clarke Slaying

MIAMI, Fla., May 9.—(AP)—Cap-
tain W. N. Lancaster, former British
army flyer, was indicted by the Dade
county grand jury today for the first
degree murder of Haden Clarke, 26-
year-old author and fiance of Mrs.
Jessie M. Keith-Miller, Lancaster's
flying partner.

The indictment was returned in cir-
cuit court here as the grand jury
ended its session prior to the May
term of court.

Lancaster has been held in jail on
a first-degree murder warrant issued
Monday night.

FRANCE TO NAME LEBRUN TO FILL DOUMER VACANCY

Painleve Withdraws
From Presidential Race;
Herriot Will Succeed
Tardieu as Premier.

BY RICHARD D. McMILLAN.

PARIS, May 10.—(Tuesday).—
(UP)—Albert Lebrun, president of
the senate, will be elected president
of France this afternoon without op-
position, it was learned authorita-
tively.

The election by the national assem-
bly at Versailles will be a mere for-
mality, with all political parties
agreed that for the sake of the solen-
nity of the occasion and in memory
of the assassinated president, Paul
Doumer, there should be no contest
over his successor.

The last opposition to Lebrun's
election was removed when Paul
Painleve withdrew as a candidate. All
political factions generally lauded
Painleve's gesture in sacrificing his
chances for the presidency.

Lebrun is a representative of the
right-center in the senate.

Premier Andre Tardieu later will
present the resignation of his cabinet,
defeated in Sunday's elections, to the
new president and the victorious Ed-
mond Herriot, outstanding figure of
the modern left wing, is expected
to succeed him.

The new president will be elected
by the old parliament, in which Tardieu
was the right-center coalition has a ma-
jority. As a result, France will have
a president who represents the more
conservative elements while the new
cabinet will swing toward the left.

Herriot Keeps Quiet

Before the first ballot, Herriot was
as nationalistic as Tardieu but sen-
sible of the change in sentiment, he re-
frained from nationalist utterances in
the last days of the campaign and
won greater support than ever.

Leon Blum's socialist party, second
strongest in the chamber of deputies,
joins Herriot's radical-socialists in
forming the next cabinet. France cer-
tainly will adopt a more pliant for-
eign policy.

The socialists are pledged to closer
cooperation with Germany, conces-
sions on reparations and reduction of
military expenditures—all vital prob-
lems which are the center of interna-
tional negotiations at present.

Lebrun as president of the senate,
will preside at the assembly in top
hat and full dress. The other mem-
bers will not wear full dress, but all
candidates for the presidency also
take formal clothes to Versailles as
the victor must drive back in state
to the Elysee palace.

W. L. Moore May Run For Georgia Senate

Former Councilman Wiley L. Moore
will be a candidate for the state sen-
ate in the September 14 primary, it
was indicated Monday following a
conference of his friends and local
political leaders.

If he consents to make the race, it
will be reported that he probably will
have a clear field insofar as the ru-
mored candidacies of Ivan Allen and
former Alderman William B. Harris-
field are concerned.

For many weeks, Mayor James L.
Key and administration leaders have
urged Moore to become an aspirant.
It was said Monday that he would
have the backing of strong political
influences in addition to his own large
following. His long record of con-
structive and progressive legislation
in council won many friends.

At one time, while head of the fi-
nance committee of council, he re-
sisted because the then mayor, L. N.
Ragsdale, approved a measure to
which he objected on the grounds of
economy.

Moore was out of the city Monday
night and could not be reached for a
statement, but his friends asserted
they will assist that he become a
candidate in the interest of good gov-
ernment and economy.

Georgians Urged To Support Candidates Backing Dry Vote

Asserting that Georgians have a
right to express their preferences on
the liquor question through candidates
willing to sponsor a referendum
movement, Mrs. W. T. Healey, Geor-
gia chairman of the Woman's Organi-
zation for National Prohibition Re-
form, Monday sent an appeal to lead-
ing newspapers of the state for edi-
torial support of such a movement.

The appeal was sent to every daily
newspaper published in Georgia after
Mrs. Healey had conferred at length
with Mayor James L. Key and after
she had seen the chief magistrate of
Atlanta had emphatically stated they
are not candidates for any public
office.

In her letter to the editors, the At-
lanta repeal leader made it clear that
the movement is not a question of
liquor propaganda, but is one "for
temperance, good morals and better
government."

"We have tried long enough the
noble experiment of fetish worshipers
and foolish fanatics," the appeal as-
serted. "Let us take counsel of the
self-respect, the common sense, and
the sound business judgment of the
people."

Committee Gives Compromise Bill Favorable Report

Senate Bill Carries
Generally Higher Income
Tax Rates and More
Nuisance Levies Than
House Measure.

BY FRANCIS M. STEPHENSON.

WASHINGTON, May 9.—(AP)—A
non-partisan drive to speed the vital
budget balancing program through the
senate gathered force today behind
the tax and economy measures.

The billion-dollar revenue-raising
bill was submitted by the finance com-
mittee with overwhelming approval.
The compromise tax schedules were
retained intact. Debate will begin
Thursday.

From a whirl of debate and meet-
ings on economy came a proposal
from Senator Robinson, of Arkansas,
the democratic leader, for appoint-
ment of a special economy committee.
Senator Watson, of Indiana, the ma-
jority pilot, promptly accepted the
suggestion.

President Hoover, who called in re-
publican leaders over the week-end to
emphasize the tax-economy program,
kept contact during the day with the
senate situation. Secretary Mills
called at the senate to offer full co-
operation in the campaign.

Senator Robinson's plan, which
called for an end of controversy and
reconciliation over the economy issue
in a special committee, was warmly
welcomed by the floor. In de-
bate he warned that most of the cuts
in appropriations made so far merely
amounted to postponements.

"Who care one whoop," he said,
"who gets the honor, who gets the
glory, whether the executive, the leg-
islature, the republicans or democrats,
or both, just so the country gets
economy. The controversy and con-
flict in appropriations made so far
merely amounted to postponements."

"I do not care one whoop," he said,
"who gets the honor, who gets the
glory, whether the executive, the leg-
islature, the republicans or democrats,
or both, just so the country gets
economy. The controversy and con-
flict in appropriations made so far
merely amounted to postponements."

Confident of a dominant bi-partisan
combination in support of the billion-
dollar revenue-raising bill, leadership is
now focusing attention on the neces-
sary \$200,000,000 in savings required
to make the tax measure balance the
1933 budget. The proposal of Robi-
nson for a special committee was
probably will be formally advanced
tomorrow.

The senate appropriations commit-
tee resumed its work on the supply
measures today, determined to stick
by the policy of 10 per cent reduc-
tions. A motion by Senator Odell, re-
publican, to suspend the previous
votes affirming this policy was side-
tracked by the senate as leaders
sought a general economy plan.

There was last night and a brief
talk today that President Hoover
would call in congressmen for con-
ference.

Republicans Chided.

In debate today, democrats chided
republicans about the president call-
ing them in for consideration of a
"non-partisan program."

Senator Odell, who was at the
White House last night and was
seeking elimination of the 10 per cent
cuts, insisted that no agreements were
made at the White House parleys and
that the senate must proceed on its
own.

Mrs. Caraway Presides Over Senate But Finds Chair Uncomfortable

WASHINGTON, May 9.—(AP)—Senate history was made today. Mrs. Caraway, democratic senator from Arkansas, presided over the chamber. Vice President Curtis invited her to the presiding officer's desk. It was the first time a woman had ever held the gavel.

Her brief rule in the chair was uneventful. Senator Glass, democrat, Virginia, held the floor uninterrupted and no question of procedure arose in any way for the diminutive, quiet lady from Arkansas to pass upon.

Mrs. Caraway later in discussing the incident expressed her appreciation of the opportunity given her by the vice president.

"But frankly, she said, 'the chair is not as comfortable as my own here on the back row. I have a hassock on my chair so my feet can touch the floor. The president's chair has no hassock and so I couldn't keep my feet on the ground.'"

Mr. Curtis explained simply that the honor of being the first woman to preside over the senate.

MRS. HOOVER RETURNS FROM EASTERN TRIP

WASHINGTON, May 9.—(AP)—Mrs. Hoover today returned to the White House after a three-day trip into New York and Connecticut.

HOOVER BARS RELIEF FOR WAR CIVILIANS

Quartermaster Hospitalization Measure Vetoed by President

WASHINGTON, May 9.—(AP)—President Hoover today vetoed for the second time a bill to provide hospitalization and the privileges of soldiers' homes to the men who served in the quartermaster corps during the Spanish-American War, the Philippine insurrection and the Boxer uprising.

Declaring "our first obligation" is to veterans who served under enlistment in the army or navy, the president said:

"I cannot concur in a proposal to single out one class of civilian employees who served during certain periods of hostilities and confer upon them a right to the benefit of hospitalization and domiciliary care provided by law for veterans of our wars."

The measure sent back to the house was proposed by Representative Welch, republican, California. He recently called upon President Hoover in an effort to alter his views upon the measure, declaring he believed not more than 20 men would come under the provision of the bill and that the cost would be small. The chief executive vetoed a similar measure in February, 1931.

He said today "nothing has transpired since that date which would justify me in now approving this bill."

Mr. Hoover was fearful that such a measure, although limited, would open the door to other veterans' legislation. Even the present measure, he said, "would ultimately involve the government in hundreds of millions of expenditures."

The veto was the fourth sent to Capitol Hill by the president during the present session. Two of them were on minor relief bills and the third was a pension measure.

Actress' Snappy Books Cited in Divorce Suit

LOS ANGELES, Cal., May 9.—(AP)—Twelve expensively bound, limited editions of "Snappy Literature," which he objected to having in the house were introduced as evidence against Helen Costello today by Lowell Sherman, actor, in his suit for divorce. The actress laughed audibly as he described them.

Sherman, twisting his small mustache, then testified his wife embarrassed him by excessive drinking, threw cocktail glasses at him when he demonstrated, and struck his mother.

He told of an argument when they were in a swimming pool, during which, he said, she struck him with a whip she had been using to train dogs.

RETAIL JEWELERS MEET HERE TUESDAY

Retail jewelers of Georgia and Tennessee, comprising the two state associations, will meet at the Ansley hotel on Tuesday for a two-day convention. Business sessions will be varied with a golf tournament at East Lake Tuesday afternoon, and a dinner-dance on the Ansley roof Wednesday evening. The ladies will be given an automobile trip over the city.

Ira Templeton is president of the Tennessee organization and Lawrence Holzman, of Atlanta, heads the Georgia group of retailers. The Georgia group was to have met by itself at Macon, but decided to hold a joint session of the two groups in Atlanta. Local convention arrangements are in charge of R. C. Schneider, R. F. Seely and E. P. Tomlinson.

Messrs. Seely, Holzman and Templeton will speak on Tuesday. Mr. Schneider will be heard on Wednesday when Mr. Tomlinson will have charge of the question box answers.

Jewelers are looking forward to the address on Wednesday by T. H. McClure, of Chattanooga, on "The Jewelry Business—Past, Present and Future." He is a vice president and regional director of the American National Retail Jewelers' Association and an outstanding figure in the industry.

Negro To Be Returned.

Russell E. Rich, negro, who is under indictment here for the murder of J. B. Oliver on March 3, 1930, will be brought back to Atlanta from Columbus, Ohio, by Detective E. W. Ginn, following action Monday of Governor White, of Ohio, in honoring Georgia requisition papers. At the office of Solicitor-General John A. Boykin it was said that Rich stabbed Oliver during a quarrel which followed Oliver's effort to get Rich home, Rich being drunk.

LEATHERS SEEKS POST OF DEKALB SOLICITOR

Present Legislator Not To Be Candidate for Re-election.

Roy C. Leathers, who served two terms in the Georgia legislature from DeKalb county, announced Monday he will not be a candidate to succeed himself in that post but will seek the post as solicitor-general of the Stone Mountain circuit, which now is held by Claude C. Smith, veteran official.

He asserted it is important to the people of the circuit that they have "an aggressive, courageous, able and capable officer" in this place.

Text of his statement follows: "I desire to inform the citizens of DeKalb county and of those counties composing the Stone Mountain circuit that I am not again offering for the legislature and that I shall be a candidate for the office of solicitor-general in the September primary."

"Some of the candidates offering for the place which I now hold in the legislature have announced that I would not be a candidate to succeed myself and many of my friends have been inquiring of me the reason; therefore, I am making this statement at this time."

"Many capable and able men are desirous of filling my place in the legislature and having served two terms at a great sacrifice to myself, I feel that I can well afford to withdraw from that field, giving to others a chance to serve."

"I am convinced that the people are desirous of making a change in the office of solicitor-general and many of my friends have encouraged me to offer for this place."

"The paramount duty of a government is to protect the life, liberty and property of its people and upon the office of solicitor-general largely rests that important duty. The Stone Mountain circuit lies immediately outside and partly within the boundaries of the largest city in the south and at times necessarily infested with some of the country's most noted criminals, able to employ the best legal talent to defend them; and it is therefore to the interest of the people of this circuit that they have in this important office an aggressive, courageous, able and capable officer."

"I know that there are many things that can be done in the administration of this office that would bring about a saving to the taxpayers of the respective territory, and that is room for some just criticism of the administration of this office, these I shall deal with at a later date."

"If I should be elected to this office I promise, here and now, that it will be my desire, and I shall use all the power within me to make the people of this circuit one of the best governed in the state. That I will to the very best of my ability enforce every law, with equal dignity, to all persons with the same degree of courage, so as to merit the approval of every God-fearing, liberty-loving and law-abiding citizen within the circuit, and that this shall be done without favor or affection to any person, regardless of his rank or station in life."

"I am convinced that I am qualified for this place, and if after a careful investigation you are satisfied my character, integrity and ability qualify me for this position, I shall ever be grateful for anything that may be done in my behalf."

"And again I want to thank my friends for their interest in my behalf and to again renew to them a pledge of the best that there is within me."

AYALA-RIBEIRO TICKET EXPECTED IN PARAGUAY

ASUNCION, Paraguay, May 9.—(AP)—Seusebio Ayala, candidate of the dominant liberal party, was expected to be Paraguay's next president as a result of an election Sunday. Raul Casal Ribeiro, liberal nominee for vice president, seemed equally sure of winning.

Paraguay law was suspended for the election for the first time since disorders six months ago which caused President Jose Guggiari to temporarily delegate his powers to Vice President Gonzalo Navarro.

No disorders were reported today. Counting of the votes will begin in a few days.

KELLEY TO PROCEED WITH ASSAULT CASES

Meaningless Warrant May Be Issued for Absent Mrs. Massie.

HONOLULU, May 9.—(AP)—Although the complaining witness sailed yesterday for the mainland, Prosecutor John C. Kelley declared today the trial of four youths charged with assaulting Thalia Massie will start as scheduled May 25.

And if Mrs. Massie is not in Circuit Judge A. M. Cristy's court by 10 a. m. that day, Kelley said, he will request a warrant for her arrest.

But since he cannot enforce such a warrant beyond the jurisdiction of the court—which does not extend to the mainland—Kelley went on to explain that the trial would proceed whether Mrs. Massie is here or not.

The city and county prosecutor, who recently prosecuted Mrs. Massie's mother, Mrs. Granville Fortescue; her husband, Lieutenant Thomas H. Massie, and two navy cadets, for a second-degree murder and won a verdict of manslaughter, said he understood a subpoena calling for Mrs. Massie's appearance in court against the alleged ravishers had been served on her before her ship sailed for San Francisco.

HARTLEY NARRATES LIFE AS CAPTAIN OF GREAT LINER

Ninety-six tons of fresh meat, 36 tons of poultry, 10 tons of vegetables, eight tons of sugar, three tons of coffee and tea—these are a few of the items that Commodore Herbert Hartley, former commander of the S. S. Leviathan, had to write on his market list before showing off on a trans-Atlantic voyage.

In a 30-minute lecture at the Atlanta Woman's Club Monday afternoon Commodore Hartley briefly narrated a few of the colorful highlights of his 35 years' experience on boats, and described the difficulties of keeping the intricate organization of a gigantic ocean liner running smoothly.

His passenger lists contained the names of people prominent in many fields of life, royalty, great statesmen and diplomats, actors and actresses, financiers, famous humorists, opera singers and explorers. He came to know all of these personally aboard ship and in his lecture told pleasant anecdotes about their foibles and eccentricities.

CEREAL RELIEVED HIS CONSTIPATION

Kellogg's ALL-BRAN Brought New Health

Every one who has suffered from constipation should read Mr. P. M. Fisher's letter:

"For many years I suffered from constipation and used, for relief, all kinds of laxatives. After a few days' treatment, I would only find my condition the same as before and at times worse."

"Some time ago I started to use Kellogg's ALL-BRAN regularly, once a day as directed. Since doing this I have found that I do not need any other medicine to procure the desired result, and it keeps me in a very healthful condition."—Mr. P. M. Fisher, 352 Evergreen Place, Ridgewood, N. Y.

Constipation is caused by lack of two things in the diet: "Bulk" to exercise the intestines; Vitamin B to tone the intestinal tract. ALL-BRAN supplies both—and also iron for the blood.

The "bulk" in ALL-BRAN is much like that in lettuce. Inside the body, it forms a soft mass, which gently clears out the wastes.

How much safer this is than risking pills and drugs—so often harmful. Just eat two tablespoonsful daily—in serious cases, with every meal. If your intestinal trouble is not relieved in this way, see your doctor.

Equally tasty as a cereal, or used in cooking. Get the red-and-green package at your grocer's. Made by Kellogg in Battle Creek.

MAY QUEEN CROWNED AT BRENAU FESTIVAL

GAINESVILLE, Ga., May 9.—Miss Dorothy Reynolds, of Hagerstown, Md., was crowned queen of the May at a fête at Brenau College here today. Miss Mildred Potter, of Vincennes, Ind., was selected as princess charming. Miss Mary Griffith, of Albany, Ga., was maid of honor.

A feature of the festival was the dance of Pan, enacted by Louise Allen. This adagio dance was done with Dorothy Burdette as a wood nymph. The court, consisted of: Seniors, Dolores Peacock, Anne Smith, Ruby Strickland, Julia Walden; juniors, Christine Topham, Mary Watts, Jane Ray, Marguerite Herbert; sophomores, Jane Brannan, Louise Heaton, Margaret Martin, Annette Robertson; freshmen, Katherine Carpenter, Peggy Hendricks, Betty Bronson, Katherine Smith.

Those taking part in the dancing were Elizabeth Ann Tompkins, Margaret Jamison, Margaret Bond, Billie Stiles, Rana Cohen, Mary Love Crovat.

The prologue as read by Helen Steele was "Once amid the festivities of the court of Brenau, an evil fairy, angered at not being included in the merry-making, cast her spell, the princess dreams of Pan and the wood nymphs until she is finally awakened by Prince Charming, who crowns her queen of the May."

The festival is in charge of the student government, of which Dorothy Pierce, of Augusta, is president, and Suzanne Johnson, of Paris, Ill., is vice president.

RIGID ECONOMY ASKED BY WARE COMMITTEE

Retrenchment Program, Reduction in Taxes Necessary, Group Contends.

WAYCROSS, Ga., May 9.—Demands for rigid economy in county and state affairs "to align the public expenditures with the ability of taxpayers," are contained in a petition which has been submitted to the Ware county grand jury by a committee of representative citizens.

A policy of economy already has been adopted by the county and state, with all salaries reduced, and all department appropriations cut, and proposals have been made for the merging of departments to save still further in the operation of the city government.

In their contentions before the grand jury, the committee pointed out that the biggest clog in the machinery of rehabilitation of business and the adjustment of the budget of the average citizen, is the heavy tax, which has to come in cash or in the surrender of home and property.

Unless this burden can be lightened, it is contended by the committee, only a question of time until the tax gathering governments of the states and nation will take over the property of the citizens and the states will find itself in the dilemma of trying out the communistic theory, of all becoming tenants of the government.

It was pointed out that, as unpleasant as it may appear to public officials, it would be manifestly better to face the facts, seek for methods of reduction, thus putting the burden on order, rather than casting about for some source of taxation to meet the accumulating deficits.

The taxpayers are needing relief, rather than the shifting of the burden from one shoulder to the other, with addition of a little more," Mr. Booth declared.

Remedies Suggested.

When requested to suggest a remedy, W. S. Booth, as spokesman for the committee, offered the following:

"That the governor and legislature continue the program of elimination of all unnecessary outlay and expense in its operation of the state government, that the legislature provide for the reduction of at least 25 per cent in the tax on passenger cars and light trucks and 1 cent per gallon on gasoline, that it provide for the diversion of not less than 50 per cent of the gasoline tax to the common schools of the state, that it reduce the salaries of the highway board rather than allow the members to name their own salaries and perquisites."

"We are convinced of the fact that this would disorganize the present highway program, but with progress on the present basis through this year and with principal arteries connected through the state, we can better afford to curtail and contract our highway system, than we can the public school system. This appears to us imperative, since there is no untouchable source of additional taxation and revenue that can stand the levy to make up this need."

"We suggest that our representatives be urged to introduce and pass bills for effecting economies in Ware county, as follows: Combine the offices of tax collector and assessor, creating the office of tax receiver; abolish the office of county treasurer and provide for the use of one of the banks as county depository; put the sheriff, clerk of superior court and city and county commissioner on a salary and that salaries of county commissioner, judge and solicitor and clerk of city court be reduced 33 1/3 per cent."

"We suggest that our county commissioners be requested to urge the abolition of the county police and reduce salaries of county physician, warden and all other employees not less than 25 per cent, and that they cut the two-meal per diem of prisoners from 60 to 40 cents per day."

"We urge further that the county commissioners abolish the county chain gang and turn prisoners over to the state, this recommendation being made in view of the fact that the main roads of the county are all paved and now maintained by the state, that secondary roads are in a sort of status quo and may be maintained in present condition by private labor at approximately 35 per cent of the cost of maintenance and operation of the county chain gang, with the added advantage of giving employment to many needy workmen in the county."

"We contend that a program approximating the above suggestions for the county may be worked out to the cutting of our tax rate in half, making it possible for us to pay our taxes in the year in which they are due and thus relieve a most distressing situation."

Progress Toward World Peace Noted by Harvard Professor

Two-Party System Progress Reported

ATLANTA, Ga., May 9.—(AP)—Dr. Milley E. Hudson, professor of international law at Harvard University, Monday night told the University of Georgia institute of public affairs that progress has been made in establishing the conception of a world's peace that will be violated if any two states go to war.

"We have two or three hundred years of history on which to base our conception of war as an affair only of the states involved as belligerents," Dr. Hudson said, "and we are seeking in these years since the war to create a new conception which will be more in harmony with our twentieth century civilization. Whether we shall succeed no one can foretell."

The most pregnant principle announced since the war is that contained in Article II of the covenant of the League of Nations that any war or any threat of war is a matter of concern to peoples everywhere.

"It is this principle upon which the whole peace machinery of the League of Nations is based, and it underlies all the later instruments of the League, the Briand-Kellogg pact and the Geneva general act for pacific settlement. Unlike the later instruments, the covenant is a treaty."

Mr. Stegall was the grandson of the late Henry Fitzsimmons, first owner and discoverer of the famous north Georgia marble located at Marble Hill, Ga. (now known as the Georgia Marble Company), which was owned by his father, John Stegall, and at his death sold to the Southern Marble Company.

Two-Party System Progress Reported

Republicans in State To
Open "Educational Cam-
paign," Says Arnold.

SAVANNAH, Ga., May 9.—(AP)—"Wonderful headway is being made toward a two-party system in Georgia politics," said J. W. Arnold, of Athens, chairman of the republican state executive committee, who is spending a few days in Savannah. "Regardless of who is nominated for president by the democrats, we are going to put on an educational campaign along this line in Georgia and we are going to beat the people on national issues."

"If Georgia could have a divided delegation in congress, in both upper and lower houses, the state would then take its rightful place in the affairs of this nation and it will never take that place until this condition is brought about," Arnold declared.

He said Hoover and Curtis will undoubtedly be nominated by acclamation at the Chicago convention next month. "If there is one scintilla of opposition to Mr. Hoover in the republican ranks, I haven't heard a word of it," said Arnold.

"I do not think Garner is going to beat Roosevelt for the nomination, but this does not mean that I think Roosevelt is going to be nominated. I have dedicated my life to but one purpose," said Mr. Arnold, "and that is the building up of a two-party system in Georgia. There isn't an official in Georgia who has a particle of respect for the will of the people. This applies to federal as well as state officers. The only ambition for a man to follow in a one-party state is to build up a machine and then hold office by virtue of his own machine, without any party responsibility."

"I think the people of Georgia are realizing more than they have ever realized before that we must have party responsibility and that the only way this can be brought about is to have two contending parties instead of political machine responsibility."

The democratic party is divided into political machines and the machine with the most oil and the greatest amount of gas is the machine that controls.

In the days when Georgia was divided between the whigs and the democrats, she developed such men as Toombs, Stephens, Hill, Lamar, Johnson and Cobb. There was hardly a national administration in those days without a Georgia representative in the cabinet, or a speaker of the house or chairman of some of the important committees. Georgia made history in those days. My position is she hasn't made history since then and I am ready to defend that position."

Dr. Sullivan to Speak.

MILLEDGEVILLE, Ga., May 9.—Dr. Willis A. Sullivan, superintendent of the Atlanta schools and former president of the National Education Association, will speak at the vespers service of the Young Women's Christian Association at the Georgia State College for Women Sunday evening.

DUTIES AND RESPONSIBILITIES OF GOOD CITIZENSHIP

The Central of Georgia has consistently advocated that its employees be not only good workmen but good citizens. Chief among the requirements of good citizenship is the responsibility to keep informed upon questions affecting the community in which the citizen lives, and to register through his vote his approval or disapproval of public policies and officers.

There was probably never a time when the right to vote meant more than it does today, nor when it carried greater responsibilities. Business, both industry and agriculture, is struggling through a period of prolonged depression—its progress halted by an unparalleled burden of taxation hanging like a millstone around its neck.

Some public officers seem sincerely anxious about the seriousness of the situation, and to appreciate their own responsibility. Others display indifference to their opportunity to aid through economies that could be passed back to the individual and corporate taxpayer.

Not all of the burden of taxation is due to expenditures by the federal government. Expenditures by state and local governments are practically two and one-half times as much as these, but both offer a great field for economies to be passed back through tax reductions.

The Central of Georgia's management is strongly urging that every eligible employee become qualified to vote, and that other adult members of his family become so qualified. Considerable progress has recently been made toward increasing the number of its qualified voters. It will not attempt, either directly or indirectly, to dictate how its employees shall vote, but will rely upon their ability to distinguish between what is good and what is bad for them and their communities. It believes that this encouragement of the registration of voters, with a search for enlightenment on public questions, is one that could well be adopted by every firm and every individual.

Constructive criticism and suggestions are invited.

President and General Manager.

DO YOU INHALE?

Why are other cigarettes silent on this vital question?

Do you inhale? Seven out of ten people know they do. The other three inhale without realizing it. Every smoker breathes in some part of the smoke he or she draws out of a cigarette.

Do you inhale? Lucky Strike has dared to raise this vital question... because certain impurities concealed in even the finest, mildest tobacco leaves are removed by Luckies' famous purifying process. Luckies created that process. Only Luckies have it!

Do you inhale? Remember—more than 20,000 physicians, after Luckies had been furnished them for tests, basing their opinions on their smoking experience, stated that Luckies are less irritating to the throat than other cigarettes.

Do you inhale? Of course you do! So be careful. Safeguard your delicate membranes!

Fascination of School Is Defended by Doctor

NEW YORK, May 9.—(UP)—Dr. Charles Francis Potter, of the first humanist society, came to the defense today of (a) humans who stand for hours gazing at men working on an excavation, and (b) folks from the country who come to New York looking for "inspiration."

"Critics who poke fun at those who gather at the rim of a gaping excavation imply the onlookers should have something better to do. If the critics only knew what they were missing! There are few thrills comparable with watching the activity of a giant pile driver or a steam shovel that can take a truckload at a mouthful."

In other words, a million New Yorkers can't be wrong. As for those who come to New York, it is "because there is the subtle attraction of the atmosphere of accomplishment. . . . They are really here to expose themselves to the contagion of success."

And at that, some 300,000 New Yorkers, tired of looking at excavations, turned away and left the city for the farm last year. organization was formed at Macon in September, 1916. Richard Reid, editor of the Bulletin, publication of the Laymen's Association of Georgia, with headquarters in Augusta, and J. J. Haverly, prominent Atlanta businessman, also spoke.

UNITED METHODISM URGED BY WESTERNER

San Francisco Bishop Appeals for Union to Church's Branches

ATLANTIC CITY, N. J., May 9.—(AP)—A plea for a United American Methodism, with no "north" or "south," came to the general conference of the Methodist Episcopal church today from the Methodist Church, South.

Bishop A. J. Moore, of San Francisco, general superintendent of the Methodist Episcopal Church, South, on the Pacific coast, voiced the appeal.

"Whatever the differences of days gone by," he declared, "they are now infinitesimal and should be buried in oblivion."

Bishop Moore, whose plea was received enthusiastically, told the conference that Southern Methodism was still steadfast against "the liquor traffic" and would again unite, if need be, to fight any political party encouraging the violation of the eighteenth amendment.

"Speaking for myself, and representing what I believe to be the spirit of my church," he said, "let me hasten to assure you that our desire for union with you abides. We have a common Methodist heritage and common ancestry. We hold a common faith and live for a common purpose. Everything back of 1844 belongs to us all."

The balance sheet as of December 31, 1933, shows current assets of \$89,425,180, comparing with \$72,007,778 at the end of 1932. Current liabilities totaled \$27,612,538 against \$24,374,580.

WASHINGTON, May 9.—(AP)—Charles R. Flint, retired industrial organizer, returned to his home at the Shoreham hotel here late today after being missing since yesterday afternoon.

Employees of a Sixteenth street hotel noticed him walking in that vicinity, summoned a taxicab and saw him to the Shoreham.

Neither he nor Flint would comment on his overnight disappearance. Police were conducting a search in several cities for the man.

American Consulate Bombed in Nagasaki

WASHINGTON, May 9.—(AP)—The American consulate at Nagasaki, Japan, was bombed at 11:40 o'clock this morning.

Henry B. Hitchcock, consul there, sent the state department a message stating the consulate was set on fire by a bomb of crude manufacture thrown at the office entrance. It was believed from a passing automobile.

The fire was put out by extinguishers and garden hose before serious damage was done. Hitchcock apparently attached no political significance to the incident. He reported that the police are making an investigation.

Lindy Threatener Sentenced to Prison

DOYLESTON, Pa., May 9.—(AP)—Oscar Seachrist, 36, of Crofton, pleaded guilty today to a charge of sending two threatening letters to Colonel Charles A. Lindbergh and was sentenced to one and a half to three years in the county prison.

One of the letters demanded \$50,000 and the other \$150,000 on a promise to return the kidnapped Lindbergh baby. The letters threatened to dynamite the Lindbergh home and injure the child if the demands were not met.

Seachrist was arrested at Crofton March 8 at a place he had mentioned in the letters for payment of the amounts.

In pleading guilty Seachrist said he knew nothing of the Lindbergh kidnapping case but sent letters in the hope of being sentenced to jail because he was dissatisfied with his job as a gardener.

More Doukhobors Held For Parading in Nude

NELSON, B. C., May 9.—(AP)—The capacity of Nelson jail was taxed to the limit with 200 Doukhobors arrested at Thrums yesterday on a charge of parading in the nude. The jail already had as prisoners 118 members of the sect arrested a week ago and each sentenced to three years in prison.

Those arrested yesterday were found in the same orchard where the clash between the nudists and police occurred a week ago. Ninety were men, 52 were women and 61 were children under 14 years of age. All will be charged with appearing in the nude in a public place. Those arrested yesterday offered no resistance.

Chicago Loop Shaken By Bomb in Bank

CHICAGO, May 9.—(AP)—Heralding, police believe, the reopening of a war of gamblers' war, a powerful bomb was exploded tonight in the Congress Trust & Savings Bank building on the edge of the Loop district. Offices of a racing news service were damaged and guests of near-by Michigan avenue hotels were shaken up, but no one was injured.

The bomb was thrown into the offices of the Program Publishing Company, which operates a racing news service, on the third floor of the building at the corner of Congress street and Walsh avenue.

Police said they found the bombed office equipped with 40 telephones for broadcasting horse racing results, an automatic typewriter for receiving them, and racing sheets.

EFFORT TO BUY BABY SEEN IN MEANS PROBE

WASHINGTON, May 9.—(AP)—A fantastic tale of an attempt to buy a North Carolina baby resembling the infant Lindbergh was investigated today by officials preparing for a prompt trial of Gaston B. Means if he is indicted for embezzling \$100,000 given him to effect the return of the kidnapped baby.

Among the leads they obtained today was a story that a man and woman yesterday tried to buy the adopted son of Mr. and Mrs. Victor Camp at Shelby, N. C.

In Concord, N. C., tonight, however, Mrs. Annie Hill and Joe P. Fisher said it was they who stopped at the camp home yesterday and suggested he should charge admission to see the child because of its resemblance to the Lindbergh baby.

Means, ex-convict and a spectacular government detective of the Harding era, was jailed last week on a charge of larceny after trust of \$100,000 from Mrs. Edward B. McLean, estranged wife of the Washington Post's publisher.

A World's Record

MORE than three thousand births without a single loss of either mother or child! That is the official Platt County record of Dr. W. B. Caldwell, in fifty years' family practice in Illinois.

No wonder mothers have such entire confidence in giving little ones Dr. Caldwell's Syrup Pepsin!

If you have a baby, you have constant need of this wonderful preparation of pure pepsin, active senna, and fresh herbs. A child who gets this gentle stimulant for the stomach, liver and bowels is always healthier. It keeps children's delicate systems from clogging. It will overcome the most stubborn condition of constipation. It builds them up, and is nothing like the strong cathartics that sap their strength and energy.

A coated tongue or bad breath is the signal for a spoonful of Syrup Pepsin. Children take it readily, for it is really delicious in flavor. Taste it! Take Syrup Pepsin yourself, when sluggish or bilious, or you are troubled with sick headaches and no appetite. Take some for several days when run-down, and see how it picks you up.

It is a prescription preparation which every drug store has ready; in big bottles, just ask anywhere for Dr. Caldwell's Syrup Pepsin.

Dannals, Georgia Tech, Is Conference Medalist With Score of 148

CRACKERS LOSE AGAIN AND DROP TO CELLAR

DANNALS, TECH, MEET MEDALIST WITH 148 SCORE

North Carolina Wins Team Trophy in Conference Tourney.

By Al Smith.

ATLANTA, Ga., May 9.—North Carolina's Tarheels donned the Southern conference golf crown here this afternoon as they beat Duke University, pre-tournament favorites, by one stroke in the 36-hole qualifying rounds of the conference tournament over the Athens Country Club course.

North Carolina won the team championship with a total score of 839 for the four-man team over the 36 holes. Duke followed with 841, while Tulane University came in third with 843 strokes.

Georgia Tech came fourth with 848, Georgia Tech 867, and the University of Florida last with 857. Louisiana State, the only other school entered, had two men and was not eligible for the team championship.

RAINWATER SECOND. Charlie Dannals Jr., slender, bespectacled youth from Georgia Tech, won the medalist prize with 148 for the 36 holes. Jesse Rainwater, of Tulane, a favorite for the individual championship, was second as he turned in a card of 150.

Dannals' par 73 on the afternoon round, coupled with a 75 in the morning, gave him the qualifying round honor. Rainwater's par-breaking 71 of the morning was offset by a disastrous 79 on the afternoon round.

Besides Dannals and Rainwater, 14 other contestants qualified for the play-off for individual honors which begins Tuesday morning and lasts through Wednesday afternoon, when two conference golfers meet for the individual title.

PAIR SEEDS. Cards of 164 were enough to qualify. Dannals and Rainwater will be seeded in the two flights.

North Carolina and Duke qualified their entire teams for the play-off, which will decide the individual championship Tuesday and Wednesday. Tulane was next with three men qualified and Georgia Tech and Georgia followed with two players each. Florida qualified one player, while Louisiana State, the only other team entered, failed to qualify a man.

Joe Adams, of North Carolina and Billy McWilliams, of Georgia, pressed closely on the heels of the two leaders in today's qualifying rounds. Adams carded 76 on both morning and afternoon rounds to turn in a good 152 at the close of the day's play. McWilliams, sophomore, had a bad morning with a card of 82, nine over par, but came back with a par 73 to finish the afternoon among the first four.

BREAK 160. June Caldwell, of Duke, who carded a 79 and a 77 for a total score of 156, and Ike Merrill, of Florida, with an 80 and a 77 for 157, were the only other qualifiers to break 160 during the day's play. Other qualifiers and their scores are as follows:

Earl Stokes, Duke, 80-80-160; Alex Brown, North Carolina, 83-78-161; Russell Welch, Tulane, 78-82-161; Charley Warner, Georgia, 81-81-162; Rogers Penick, Duke, 81-81-162; Allen Smith, North Carolina, 82-80-162; Red Schulze, Tulane, 79-83-162; Fred McCanless, Duke, 81-81-162; Frank Ridley, Ga. Tech, 81-82-163; Jack O'Brien, North Carolina, 84-80-164.

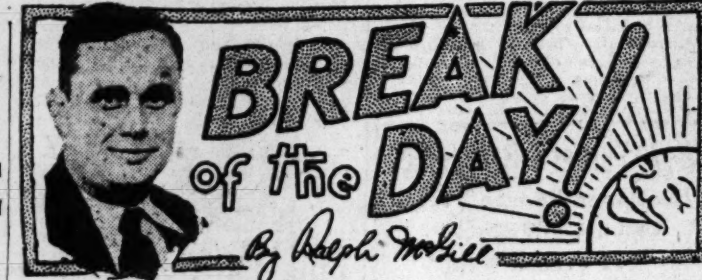

Seventy-two holes of match play will be played before the 1932 individual conference champion is crowned. Wednesday afternoon, the match play will get under way Tuesday morning over the Athens Country Club course.

Visiting players and newspapermen were entertained at a banquet tonight as guest of the University of Georgia Athletic Association.

SENATORS WIN OVER INDIANS
WASHINGTON, May 9.—(AP)—Lloyd Brown beat the Cleveland Indians to four hits today while his teammates pounded out six off Wesley Ferrell to give the Washington Senators a 3-0 victory over the tribe in their first encounter of the season.

The victory placed Washington three full games ahead of New York in the league standing. Only a handful of spectators, muffled in topcoats, saw the game, but the crowd today in the American league. All others had been called off because of cold weather.

In the eighth, Reynolds smashed one to the center field wall for a home run, scoring Cronin ahead of him, but the seventh inning had produced enough runs for the Senators.

It's That Plaintive Call---'What's the Matter With the Crackers?'

Since the good year 1925 the tuned-in ear has been able to detect that plaintive call, "What's the matter with the Crackers?"

It is ever sadder, is that plaint, than the call of the Willow bird, who flies backwards because he does not care where he is going, but wants to see where he's been. The Crackers clubs have been flying backwards for several years. They can see where they might have been.

And a little bit of prophecy seems to be coming true. When Chick Roos, the business manager, spoke at the Monroe banquet for Red Barron he said, in part, "I envy Red Barron. If he gets away well the fans will praise him. If he has a last-place club the fans will blame it on the front office for not getting him a ball club."

And they are. The Crackers officials are taking the rap. And perhaps justly so. But there are, as some philosopher said, two sides to everything. And sometimes four.

The Crackers officials, with the exception of Chick Roos, are not experienced in baseball. They took measures in the winter to reorganize the club entirely from top to bottom. It was a much-needed move.

The Crackers club started late. They were unable to complete the reorganization in time to enable the new officials to get into action during the winter meetings when the ball club should have been formed. At that time R. J. Spiller was the acting head of the club and Johnny Dobbs was still manager. That situation existed when the national meetings were held. This was unfortunate, but unavoidable.

The material on hand for the start of the season was obviously not what was needed. But it was then too late. Ball players were a drug on the market, but good ones were not. The Crackers officials were forced to wait for cutting down time in the majors.

If the new pitcher, Frank Coleman, comes through, the pitching staff will not need but one more pitcher added to make it a good one.

A first baseman is an imperative need. The outfield should go along as is. Another catcher could be used. Another good pitcher and a first baseman are the two most important needs.

The Crackers officials are not to be censured as much as would appear at first glance. They were off to a late start, through no fault of their own. Chick Roos has functioned capably and well. He is a good baseball man. It would be unwise to cast the Crackers aside at this time. They may yet be in the race. Two or three good men would put them there. The officials are trying their best. Certainly they want a winner more than anyone else. A loser means lost money.

TAGGING ALL THE BASES. Burgoo, the savory dish for which the derby winner was named, may be a savory, pepper-hot dish now. But once it was an oatmeal gruel which seamen had served to them. And it was spelled burgoo, but pronounced burgoo. And so the latter spelling is now correct. All because the first sailor who settled inland and cooked up a dish with meat in it didn't know how to spell. Which is just as good. And perhaps makes it taste better—Lefty Grove has already dropped more games this spring than he lost last season. Which doesn't mean that he won't get going and pitch the Athletics back into the race before many weeks are gone—John Jarrell, of Spaldings, is moving out to Buckhead and plans to have a barbecue pit in his large backyard, where he will spend his evenings barbecuing his favorite dish—spareribs. Maybe he'll try burgoo—Ray Francis, who was let out by the Crackers last season, has won three straight for Raleigh in the Piedmont league—When that hoss, Liberty Limited, broke down on the back stretch in the Kentucky Derby last Saturday he automatically broke down some pocketbooks and a few hearts—J. Elsas Phillips has a wider acquaintance among the artists and writers in Atlanta than any other young man—When Hack Wilson failed to play in the final game of the recent Cub-Brooklyn series, the newboys up there said Hack cut under fire because he couldn't take the razzing which the crowd dished up—Max Carey said different. Carey declared Hack to be in terrible condition because of injured legs and would not play him because he feared the psychological effect of another bad day—Babe Herman is waiting with eagerness for the Brooklyn-Cincinnati series in which he hopes to make Max Carey sorry—Pictures of Max Schmeling and Joe Jacobs at the derby show both studying their programs with avidity—And, of course, Jacobs was wearing that cigar.

BROTHER JOE PAYS OFF. Maybe you think Brother Joe, who finished nineteenth in the Kentucky Derby, didn't pay off. But he did. At least he did so far as a certain young lady in Atlanta is concerned. She is some \$60 richer all because of Brother Joe.

It seems that she has a brother named Joe. And he was going to the derby. The hunch was impossible to pass up. Brother Joe was going to the derby. And Brother Joe was running in the derby. You'd have bet, too.

Brother Joe was given \$10 with instructions to bet on Brother Joe. Brother Joe was coupled with Burgoo King in the betting. And so the bet went down on the Bradley entry. But it was really bet on Brother Joe. And so she won a nice sum even though Brother Joe was not to be seen at the finish. Which is something super in luck.

THREE GAMES HOLD INTEREST IN PREP LOOPS

Decatur Meets Russell; Fulton Plays Commercial Today.

By Roy White.

Three outstanding games will be played this afternoon as the prep baseball teams near the home stretch of the 1932 season. Decatur and Russell will meet at 3 o'clock at East Point to determine second place and a possible tie for leadership of the North Georgia Interscholastic Conference. Fulton plays Commercial at Grant park in another important N. G. I. C. game and G. M. A. plays Boys' High on the Henry Grady field in a feature of the Big Six rivalry.

Fulton is leading the N. G. I. C. with eight victories and one defeat, while Decatur is second and Russell third. Both Russell and Decatur have a great chance to upset the standing and throw the league into a three-way tie with victories in the next two games.

Tech High holds the lead in the Big Six with four victories and no defeats and needs only one more victory to assure at least a tie for first place. Tech High will be idle this afternoon.

Other games in the N. G. I. C. will be Gainesville at Marietta and Marietta at University, while Monroe plays Riverside at Gainesville in the other game of the Big Six.

The G. M. A. and Boys' High game should develop into a pitchers' battle between Grogan, of the Cadets, and Grayson, of the Purples. The Cadets can clinch second place and have a chance to tie the Tech High, with a victory today, while a Boys' High victory will all but settle the championship for Tech High.

Today's games will mark the semi-final round of the Big Six schedule, while the N. G. I. C. teams will complete all quarter-final games today.

CRACKERS LAND PIEDMONT ACE

Frank Coleman Had Better Strikeout Record Than Truett Sewell.

By Jimmy Jones.

If a left-hander with something on the ball was what Red Barron needed as a tonic for his wobbling Cracker, it seems that he has found the man.

Frank L. Coleman, the 23-year-old southpaw acquired on option from the Boston Braves, had more stuff to show Piedmont league batters last season than did Truett Banks Sewell, the highly touted young pitcher who went up to Detroit, his record remains.

Both youngsters were with the Raleigh Capitals, managed by Odie Strain. Sewell won 17 games and lost 6, as compared to 14 victories and 5 losses for Coleman, but the latter struck out 173 batters in a total of 177 innings. Sewell, with all his heralded speed, only whiffed 54.

That Coleman was considerably wild is evident, as he gave 107 bases on balls. He was drafted by the Boston Braves, who in turn decided to send him on to the Crackers for further seasoning. Coleman is six feet three inches tall, weighs 195 pounds and hails from Ansonia, Ala., according to information gained by The Constitution.

If he makes the grade, the Crackers very likely will send Lefty Carlin down to Columbus for a stretch.

Joe Knight-Firpo Bout Postponed
BOSTON, May 9.—(AP)—A 10-round bout between Henry Firpo, of Louisville, Ky., and Joe Knight, of Cairo, Ga., scheduled for tonight under the auspices of the Argonne A. A., was postponed today until next Monday night.

An arm sprain suffered by Firpo in a bout with Jackie Fields at Louisville last Friday night caused the postponement.

Callaway, Argo Leave For 500-Mile Classic

Buddy Callaway and Wesley Argo left here yesterday with their home-made racing car they hope will bring them victory in this year's 500-mile derby at Indianapolis.

Callaway, a Macon, Ga., racer, and Argo, from Atlanta, started their trek to Indianapolis in an automobile with their tiny six-cylinder speedster mounted behind them on a trailer. They told pals here they didn't know when they would arrive in Indianapolis, as they had to drive carefully on account of their racer.

It took six months for them to build the car, recently finished at Miami, Fla. It is powered by a 200-horsepower airplane motor.

The boys are certain they will arrive in Indianapolis in plenty of time to enter the qualifying trials for the May 30 speed carnival. Their \$200 entry fee already has been paid.

LOOKOUTS WIN OPENING GAME BY 6-5 SCORE

Messenger Gives Up 14 Hits; Barron Pounds Out Three.

CHATTANOOGA, May 9.—Batting desperately for first place, Chattanooga's Lookouts beat the Atlanta Crackers here today, 6 to 5, and moved within half a game of the league-leading Memphis Chicks, who lost to Birmingham, 3 to 0. The Crackers dropped to the cellar position.

The Niehoff, led by Cecil Travis, Harley Boss and Cliff Bolton, pounded out 14 hits off Andy Messenger, and were leading, 6 to 3, when the Crackers staged a rally in the ninth to throw a scare into the local club.

ROWLAND HOMERS. Cunningham led the final frame with a clout which Andrus caught in the shadows of the left field fence. Williams was out, Kingston to Ross. Then Rowland, clutch-hitting for Messenger, blasted the ball into the left stands for a homer. Barron singled and took second when Thompson was slow picking up the ball. Thompson recovered the ball in time to make it a very close play, and then threw wide. Barron scored when Goff singled to right, but Rosenthal forced Goff at second to end the game.

Red Barron played a whale of a game. He made two fine running catches in center, robbing Griffith and Andrus. He collected two singles and a double, two of which figured in the scoring. Barron was placed on the active list yesterday and waivers were called on Barron.

Rosenthal made a great stab of Thompson's high foul fly. These were the bright spots of Atlanta's defensive play. On the whole, the defensive play was not bad, but Barron and Carley managed to let Bolton's fly drop between them in the fifth. Either could have caught it.

BARRON DOUBLES. In the third Atlanta matched Chattanooga's first-inning brace of runs, accounted for by Boss' homer, with Messenger's single, Barron's double and Rosenthal's one-out single. Chattanooga went ahead in the fourth with three markers. The "B" boys got in action to start the string of five straight losses, but provided the talies. Then the Lookouts made

NEW YORK, May 9.—(UP)—Ernie Schauf, fair-haired pug with Park avenue aspirations, broke down today under a withering interrogation and confessed he could beat Jack Sharkey and Max Schmeling.

"I'll Be World Champion Within a Year," Ernie Confides.

It was the Catfish's last journey to Atlanta with a Georgia team to play Tech, and he was finding it a trifle unpleasant. It seemed that the Catfish had capped off his lunch with a long draught of buttermilk that was the least bit soured.

TAKEN OUT. The result was that Smith was taken ill and had to leave the ball game after going to bat for Georgia just once. After one is taken from a baseball game, he can't very well be put back. And the way the Catfish set there and took on one would have gathered that it was the second quarter of a Yale-Georgia football game instead of a baseball game. At any rate, one game or another, it was all the same to the Catfish.

Coach White, it developed, had quaffed some of the tainted buttermilk, himself, and by that time he had already delivered a few classic remarks on the ambiguous billboards glorifying the contended cow.

Along about the fourth inning, Georgia Tech's Lilliputians forged into a 3-2 lead, and Coach Bill and the Catfish were making gallant efforts at mutual sympathy, amid an Louisville last Friday night caused the postponement.

Callaway, Argo Leave For 500-Mile Classic

Buddy Callaway and Wesley Argo left here yesterday with their home-made racing car they hope will bring them victory in this year's 500-mile derby at Indianapolis.

Callaway, a Macon, Ga., racer, and Argo, from Atlanta, started their trek to Indianapolis in an automobile with their tiny six-cylinder speedster mounted behind them on a trailer. They told pals here they didn't know when they would arrive in Indianapolis, as they had to drive carefully on account of their racer.

It took six months for them to build the car, recently finished at Miami, Fla. It is powered by a 200-horsepower airplane motor.

The boys are certain they will arrive in Indianapolis in plenty of time to enter the qualifying trials for the May 30 speed carnival. Their \$200 entry fee already has been paid.

Oglethorpe continues to lead the Dixie college in team batting, despite two losses to Auburn during the week-end. The Petrels are slugging for a mark of .314, with Auburn in second place 22 points behind. Georgia holds third place.

Florida, after completing all its games, continues to set the pace in the field with a .951 average, while Oglethorpe is fighting for the lead only eight points behind.

SHARKEY BEGINS TITLE TRAINING AT ORANGEBURG

Gob Pulls Surprise Move; Confident of Beating Max Schmeling.

ORANGEBURG, N. Y., May 9.—(UP)—Jack Sharkey has begun Max Schmeling to the punch in establishing his training camp. When the citizens of Orangeburg arose today they discovered that the temperamental Boston gob had been smuggled into Gus Wilson's camp here last night. "Sharkey said—'even into training camp.'"

Last week Sharkey said he needed only three weeks of training and

that he would take his time getting into camp. Madison Square Garden had announced he would arrive there next Saturday.

Max Schmeling said: "I think he must be nervous."

NEW YORK, May 9.—(UP)—Max Schmeling, world's heavyweight champion, was surprised when he learned today that Jack Sharkey had arrived at Gus Wilson's training camp.

The champion explained that he was not concerned with anything his challenger might do, but that he hoped Sharkey would not worry himself into a nervous breakdown.

"I think he must be nervous," Schmeling said. "Or why should he be so funny like this?"

Schmeling and his retinue will leave for Kingston, N. Y., Wednesday to open training there Saturday.

At the training quarters at Greenliff Lodge, near Kingston, N. Y., there is a fine golf course. It is only nine holes long, but Max Schmeling, who has been watching the progress made in getting the place ready, sends word that it already is in fine condition. The house I am to live in is in the woods by itself, and I will have an ideal spot to prepare for the fight.

There are a swimming pool, handball courts, tennis courts and about everything one could wish for. I like swimming, too. There are shooting and fishing. But I do not think I will find time for these. I do not like to be in the woods by myself, and I will have an ideal spot to prepare for the fight.

I'LL TELL YOU HOW TO LOSE FAT—A POUND A DAY ON A FULL STOMACH

Do Just These Two Simple Things—Fat Melts Away

Science has made important discoveries in fat reduction. The average fat person can now rip off fat a pound a day—four to seven pounds every week—on a full stomach, with never a hungry moment. This is the fat-melting now to stay fat.

This is what you do: Take a teaspoonful ordinary Jad Salts in a glass of water a half-hour before breakfast every morning. This reduces moisture-weight instantly. Also cleanses the system of the waste matter and excess toxins that most fat people have, and banishes puffiness and bloat.

Then do this about eating. FILL YOUR STOMACH—eat your fill—of lean meats, vegetables like spinach, cauliflower, cabbage, tomatoes, etc., and lots of salads. Eat a lot. Eat all you can hold. Don't go hungry a minute! Cut down on fats, sweets and desserts, bread. Eat any fruit for dessert.

That's all you do. Fat seems to melt away. The course lines of overweight give way to the refined ones of slenderness. You lose as much as a pound a day. You feel better than for years. For in this treatment you achieve two important results. The Jad Salts clear your system of toxins. "The diet takes off fat with food that turns into energy instead of weight. If you're tired of being increased by fat, try this way. You'll be glad that you did. You can get Jad Salts at any drug store.

*Note particularly—Jad Salts is urged purely as a poisonous cleansing agent—not as a reducing. The change in food does the work.—(adv.)

Culbertson on Contract

The Tug of War

BY ELY CULBERTSON.

World's Champion Player and Greatest Card Analyst

Contract Bridge is often compared to the struggle of battling armies. The bidding, of course, is to be compared with military strategy—that is, a choice of the positions in which the battle is to be fought. Frequently, in contract, as also in war, one force is so overwhelming that it can dictate the battlefield, and need not regard, in any way, the strategy of the puny foe. In other contests, military and at the card table, the forces are so evenly matched that the choice of the place where battle should be joined is not determined by one side alone, but by the genius of the players behind the cards, or, in war, the general staff of the armies.

An example of the competitive element in the bidding, which is the strategy of the miniature warfare of the bridge world, of cards, was furnished in Hand No. 3 of the World Bridge Olympic, the world-wide Duplicate Bridge Olympic, recently conducted by the National Bridge Federation. Here is competitive bidding at its finest. Either side can be pushed, in the bidding, to a point where their contract cannot be made, by the shrewd utilization of the attacking power of the adversely held cards.

The North and South pair on this hand was six diamonds, bid and defeated 1 trick, or opponents set one at five hearts or five spades. The East and West pair was four spades, bid and made, or set one at five hearts or five spades.

The hand and bidding were:

West—Dealer.

Both sides vulnerable.

THE WONDERLAND OF OZ

The strange object advanced quickly, and in a few moments stood before the adventurers and regarded them with an astonished gaze to their own. The Scarecrow was pulled under all circumstances. "Good morning," he said. The stranger removed his hat with a flourish, bowed very low, and then responded: "Good morning. I hope you are all enjoying excellent health. I would like to present my card." And with this courteous speech he extended a card toward the Scarecrow.

His Majesty looked at the card, then handed it to Tip. The boy read aloud—"Mr. M. W. Woggle-Bug, T.E." "Dear me!" ejaculated the Pumpkinhead. "What does 'T.E.' stand for?" asked the Scarecrow. "T.E. means 'Highly Magnified,'" returned the Woggle-Bug proudly. "Oh, I see," the Scarecrow viewed the stranger critically. "Do not apologize," he continued, as the Scarecrow began to speak. "If you will permit me to seat myself in your august company I will gladly relate my history."

"It is but honest that I should acknowledge that I was born an ordinary woggle-bug," began the creature in a friendly tone. "But destiny singled me out for a grander fate. One day I crawled near a school house and, my curiosity being excited, I made bold to enter and creep along a crack until I reached the far end, where in front of a host of glowing embers sat the teacher at his desk."

"The first of a series of contract bridge luncheons to be featured by Davison-Paxon Company takes place today at 12:30 o'clock in the private dining room on the mezzanine floor, just above the soda fountain. FRIENDLY COUNSEL BY CAROLINE CHATFIELD

Problems of general interest submitted by readers will be discussed in this column. Correspondence invited. Your name held in confidence. Write Miss Chatfield, care The Atlanta Constitution.

Generosity is a prerogative of the rich. Shocking? It shouldn't be, for only the rich can afford to be generous. Only the rich are independent. Only the rich have enough to spare and to be truly and wisely generous. One must have enough, first to be just and then enough to be generous. One must have enough to guarantee independence and security. One must have enough for one's own needs and then enough for one's neighbors.

You understand we are not discussing material riches, but spiritual riches. We are not handling gold but quite another thing of glowing, shining beauty and brilliance. Men spend their gold to secure it for their children. Yet it is a thing that can be got without gold. It is something more valuable than gold and something, once got, prompts men to give away their gold. You know the riddle—it's character.

If there is one trait above all other traits that is universally condemned by people of every age and condition and nationality it is peevishness. We incline to dislike stinginess and hold the stingy man in contempt. We curl our lips when we speak of him. We pity his dependents. We despise his littleness, indeed we despise him. So harmful is peevishness to us that we sometimes suspect the shrill cry of being tinged with it and condemn them accordingly. We demand of our friends that they avoid the very appearance of this evil. And likewise we applaud the generous man. We even forgive him the sin of being generous beyond his means because it is a weakness bred of his greatness, because it is a clear indication of broad symphony and understanding. It is the hallmark of the rich and royal spirit. It is a mantle that covers up a multitude of minor vices. Stinginess is not dishonorable. It is abominable.

An affectionate father recently told me an amusing tale of his little six-year-old daughter. Said he: "She has never got interested in her school work. We laugh and call her dumb. But she really isn't dumb. She has a little friend in the first grade with her and she is very devoted to this child. As it happens, the little friend is quite an earnest student, anxious to make good grades. When the quarter is up my little girl manifests no interest in her grades but asks eagerly after the showing her friend has made. If it is a good one, she comes home in great glee to report it to me. If the showing is an indifferent one, she is highly indignant with the teacher and condemns her in no uncertain terms. "So," said the proud parent, "I figure if she has such a fine spirit toward her little playmate she must have the capacity to learn."

In a well-known preparatory school two boys were vying for the honors in the graduating class. One of these boys was carrying five courses, or tickets as the boys call them. In addition to his school work he went out for athletics and also joined the debating team. The rival was not interested in sports and due to a thorough preparation found it necessary to take only three tickets to give him the units required for graduation. The boys ran neck and neck in the matter of grades. Each of them was on the qui vive all the time for fear of being outdistanced by the other. One day the headmaster called into his office the boy that was carrying the heaviest course and said to him: "Your rival has been to see me and has told me that he thought it only fair for you to have the first honors, since his course was lighter than yours and in addition you were participating in athletics while he was not." Could anything be more magnificent than this illustration of good sportsmanship?

An old man talks. Says he: "If I had my life to live over again there are a few things I should like to do differently. When I was a young man I had a business rival that was never quite able to put his business across. He was always hard but always without success. One day he came to me and asked me to help him through a certain deal that would mean a large profit and establish him firmly. I refused and a few months later I bought him out at a very low price. It is a painful memory to me. I have often wondered if he has a close surviving relative. I should like to make amends to my rival by doing something for them."

He had forgot good sportsmanship in his selfish struggle to succeed. He had not been generous in measuring the handicap of his fellow businessman. But age has ripened him and once again he feels the generous impulses of his youth and would make amends for failure to be generous.

BY JOHN L. COOLEY.

NEW YORK, May 9.—(AP)—Stocks backed and filled aimlessly today, content to stand by and await the action of events at Washington, where the tax bill was advanced to the senate.

In the year's duldest trading, market leaders edged up and down narrowly, easing a little in the afternoon when buying proved even lighter than offerings and closing with a minor fractional loss on the average.

Sales totaled only 638,707 shares. Group movements were generally indistinct, although the rails looked heavy. Advance estimates of tomorrow's freight movement report, which will cover April's last week, mentioned a probable decline.

There were losses of slightly over a point in Southern Pacific and Santa Fe, while Baltimore & Ohio and Pennsylvania floundered with their old Norfolk & Western dropped 2.

Eastman Kodak sagged 3 to a record minimum and American Telephone fell back 1 1/2 net.

General Motors April sales report showed a more than seasonal gain over March. March was a very poor month for automobile manufacturers.

May, however, has been running ahead of April, which is normally the year's best month.

The unfulfilled tonnage statement of United States Steel Corporation will be made public at noon tomorrow and another decrease is rather widely looked for.

Wall Street heard little comment on the French election. However, such reactions as did find expression were inclined to be favorable on the theory that a more liberal attitude toward problems on the Lausanne conference agenda might be one of the results.

Foreign exchanges held a firm tone against dollars, notwithstanding reports from abroad that sentiment had been helped by recent developments at Washington.

Foreign Markets

By the Associated Press

LONDON.—Cheap money and the shortage of stocks impeded gold-secured securities. French bonds dropped, due to the election in France. Market closed steady.

PARIS.—Political situation weakened French rates with complimentary declines in other issues. Tendency better, however, after closing, which was irregular.

BERLIN.—Prices sagged slowly on fears of what Hermann Goebbels' election of finance might say to the reichstag today concerning the budget deficit. Closing irregular.

A common stock holds a distinguished place in the market by virtue of its sharp rise last week to a new high for the year. Its substantial advance the last few weeks is due of course to speculation that the holders will come to receive "special" dividends in connection with the proposed merger of the Standard Oil Company of New Jersey with the other foreign properties.
